1. PURPOSE

- 1.1 This document presents Centralkimica's commitments for correct use and control of chemical substances in manufactured and marketed products, in order to protect the Human Health and the Environment, constituting this commitment of warranty towards to our clients.

2. COMMITMENT

- 2.1 It undertakes to follow current and future legislation regarding the management and use of dangerous and prohibited substances. Specifically, it follows the directives of:
- CE Regulation 1907/2006 - REACH
 - MRSL Conformance Guidance
 - CE 850/2004 (POPS)
 - UE n. 528/2012 (BPR)
 - Preposition 65
- 2.2 As indicated in the previous point, it took part in the ZDHC (Zero Discharge of Hazardous Chemicals) checking the own products through analyses, making sure the compliance to MRSL 3.1, and ensuring its transparency by always registering a large number of products on the gateway platform of ZDHC.
- 2.3 For this purpose from the 2022 Centralkimica has implemented a system of management corporate compliant with ICEC TS 420 specification (Chemical management system in accordance with requirements of ZDHC).
- 2.4 Verifies through a periodic review (every 6 months) the correct application of the CMS, through extrapolations e checks on the updates from the MSDS.
- 2.5 Shares information regarding hazardous chemicals contained in products purchased, formulated and marketed:
- With its employees, ensuring access to the MSDS and TDS while trying to reduce risks related to manipulation.
 - Externally through registrations on the ZDHC gateway, TDS and MSDS , referring to the requirements for your supplies.
- 2.6 It is committed to regulated and sustainable management of all outputs (emissions and wastewater).
- 2.7 It is committed to research the BATs (Best technologies available) for the processes and products.
- 2.8 It undertakes to keep its customers and suppliers updated on changes to its company policies through the appropriate social media, website and email dissemination channels.
